Trail Information

Gravity Pass Network Map

Trail Difficulty Rating System

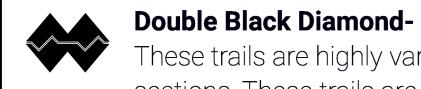

These trails have a wider tread, a generally uniform surface and more moderate gradients.

These trails have changing surfaces, moderately difficult trail features, small drops and jumps, and feature steeper gradients.

Blue Square-

Black Diamond-These trails are suitable only for advanced riders, and feature steep gradients, challenging trail features and larger drops and jumps.

These trails are highly variable, featuring large jumps and drops and very steep trail

sections. These trails are only suitable for highly experienced riders. **Pro Line-**

These trails feature large gap jumps and drops, extremely steep terrain and highly

variable surfaces. These trails are only suitable for professional-level riders.

Trail Types

Flow-

These trails are machine-built and offer a wider trail tread, smoother surface, and generally feature larger bermed corners and flowing terrain.

surface. These trails may feature tight corners, rocks and other trail features.

Technical-

Freeride-These trails are machine-built and offer a wider trail tread, though offer a range of jumps and similar trail features. Jumping experience is required.

These trails are technical in nature and offer a generally narrower, more irregular trail

Safety Equipment

All park users <u>must</u> wear an Australian Standards approved helmet. Maydena Bike Park strongly suggests park users wear a full-face helmet, gloves, eye protection, knee and elbow protection, at a minimum.
